- Rugged and maintenance free
  - NO PAINTING, NO ROTTING

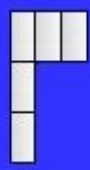

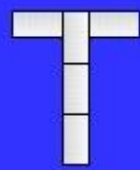

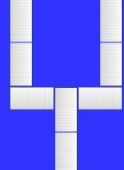

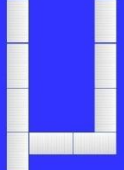

- Docks and Piers are quiet to walk on
- Remain cool even in the hottest of temps
- Many accessories and attachments available
  - benches, ladders, dock boxes, solar lights, and shore attachments available

**Guaranteed NOT to fade or become discolored!**

**Lifetime residential warranty on "Brock" decking!**

### PRE-PACKAGED DOCK SYSTEMS

					
"Straight" Dock	"L" Dock	"Platform L"	"T" Dock	"U" Dock	"Offset - U"
#10021-STN	#10022-STN	#10023-STN	#10024-STN	#10025-STN	#10026-STN
#10071-FLG	#10072-FLG	#10073-FLG	#10074-FLG	#10075-FLG	#10076-FLG

STN - Stationary Dock FLG - Floating Dock

May be installed either right or left-handed where applicable. Configurations shown use 4 foot wide by 8 foot long modules. Stationary configurations are also available in 3 foot wide for each design above.

# Introducing the EnviroDock with Thru-Flow!

Brock decking in Cream  
(Seafoam)

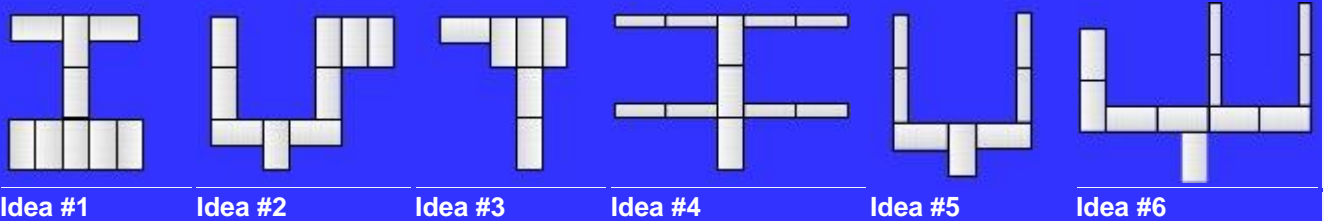

Thru-Flow decking in Tan  
(Maple)

**Mod-U-Dock is pleased to offer EnviroDock with Thru Flow decking.**

- Made of a Mod-U-Dock galvanized steel frame with an additional web to make it even stronger
- Lighter than Mod-U-Dock's traditional decking
- Thru-Flow decking has a 12 year warranty (as opposed to residential limited lifetime for the standard Mod-U-Dock "Brock" decking)
- Available in Cream (Seafoam), Tan (Maple), and Light Grey
- Promotes aquatic plant growth

## **Additional Design Examples - Designs limited only by the imagination!**

### **General questions that will assist in obtaining an accurate quote:**

- 1) What type of water is it: lake, pond, river, industrial, etc.?
- 2) What is the bottom like: muddy, sandy, rocky?
- 3) Does the water level fluctuate, and if so, how often and by how much?
- 4) What size and shape would you like your dock?
- 5) Will you be mooring a boat and how many slips?
- 6) What is your shoreline like: gradual slope, bank, seawall, etc.?
- 7) What is the water depth at shore? What is the depth where the dock will end?
- 8) Would you like any accessories? (Benches, ladders, solar lights, dock box, flip-a-canoe, etc.)
- 9) What is the location and installation address if different from mailing address?

Please be as specific and thorough as possible when answering these preliminary questions to ensure we are able to provide you with a professional drawing and pricing for the dock you are looking for.
